

2025
NOTSA Meeting

Friday 10th & Saturday 11th October

Sunday 12th October - Training Day

Citadines on Bourke

131 Bourke Street, Melbourne

Welcome & Guest Speaker

Registration is now open

The organising committee of the 2025 NOTSA meeting are pleased to announce that registration is now open for this years meeting to be held on Friday 10th and Saturday 11th October with the Training Day on Sunday 12th October.

This year we welcome Raymond van de Berg who is Professor and ENT surgeon at Maastricht University Medical Centre with a special interest in vestibular disorders and cochlear implantation. The meeting will be held over two days which will cover the latest in research and clinical practice. The Training Day will incorporate vestibular function and dysfunction.

We hope you can join us in Melbourne at this year's meeting

Raymond van de Berg is Professor and ENT-surgeon at Maastricht University Medical Center, with a special interest in vestibular disorders and cochlear implantation. His research initiatives mainly focus on the vestibular implant, bilateral vestibulopathy and vestibular diagnostics. He obtained his first PhD (in medicine) cum laude, which won several scientific prizes. A second PhD was obtained in biophysics (maximum score). He is also head of the Department of Audiology, Head of the Vestibular Department and Chair of the Bárány Society Educational Committee.
