ORBIS Volunteer Faculty

Prof. Fiona Rowe
Liverpool, United Kingdom

Prof. Fiona Rowe is Professor of orthoptics at the University of Liverpool and Director of the VISION research group. She is an editorial board member for the British and Irish Orthoptic Journal, and lead orthoptic editor for the Cochrane Library Eyes and Vision group. Fiona is the orthoptic representative on the Council for the International Strabismological Association and a member of the European NeuroOphthalmology Society Low Vision group. She is an National Institute of Health Research (NIHR) Senior Investigator and a mentor for the NIHR integrated clinical academic training pathway.

Her particular research interests include visual impairment due to acquired brain injury (leading a number of national and international stroke projects), visual field evaluation and control of ocular alignment. Prof. Rowe is the author of two textbooks: 'Clinical Orthoptics' and 'Visual fields via the visual pathway', author for seven book chapters, and has presented and published her research extensively.
